Extra Large Sizes
If you have a student that does not fit on our chart, just send in their measurement. We are happy to custom make a garment for them, a small surcharge does apply.

How to pick your Costume sizes
The girth is the most important measurement. To measure girth, place tape measure on centre of right shoulder, run through crotch and back to right shoulder loosely. When in doubt, let the girth measurement determine size. Skirts, tutus, and some accessories are one size, in either child or adult.

We Love Your Feedback!
We believe the best products and service happens when we take the time to understand you and your needs. We'd love to hear from you! Please email us at: info@hamiltonstheatrical.com
